THE GOLDEN EDGE

A design element that can be used with images and / or text, to illustrate the feeling of encompassment, connection, safety, etc. Giving a sense of the silver-lining.

There are no specific dimensions or proportions to The GOLDEN EDGE. However, the same needs to be used gracefully and with aesthetic capabilities. It should never overpower the visual communication, but rather create a connection between the image and the message.

The Color of The GOLDEN EDGE will always be same as the GOLD DOOR of the LOGO. Pantone Shade # **7407 C**
